

Simon, Jason, & Julia

Welcome! We are Jason, Simon, and Julia.

We are humbled and honored you have taken the time to look at our family while you are considering your choices regarding adoption. We hope through this profile we can give you a sense of who we are, how we live, and what our values are. We are a committed and loving couple with a happy & bright 2.5 year old. We have been together since 2005, were married in 2012, and adopted our daughter Julia in 2017. We are blessed to be able to provide a loving and safe home to Julia and to now have the opportunity to welcome another child into our family. If you need more information on us then please let us know. Thank you for thinking of us as you consider your options regarding adoption.

ABOUT US

From the day we first met we have been a committed couple and have been fortunate to build an amazing and fulfilling life together. That feeling lead us to adopt Julia and now to continue to grow our family. In addition to Julia, our family includes our two wonderful, smart, and funny Dalmatians, Hugo and Hedy, and our sweet, ginger kitty, Cybil. We are caring and nurturing by nature, and cannot wait to show our children the wonders of the world and all the opportunities it will hold for them. We enjoy travel and have been fortunate to travel extensively through Europe, across North America, and also as far afield as Australia. Julia has already been to Europe several times. We love being outside in nature, walking or hiking with our dogs, gardening, boating, and spending time with family and friends.

"Jason is simply my best friend and the person whom I trust most in the world. He is very caring, loving and is very focused on his family. Jason has an amazing talent and passion for design, and having gone to art school he is also very artistic. After moving to NYC he was originally in fashion, worked in real estate and now is a full time stay at home Dad. It's Jason who brings all the creativity to our relationship, home and life!! However, it's not just all about art that he loves. Being from western NY he was raised in a strong sports culture, and is really good at ice hockey. Jason has a very good sense of humor and is a very loyal friend and family member. Jason is very caring and nurturing and is a great Dad to Julia. I feel blessed that I met and built a life together with him and now Julia, and can't wait for us to take the next step on our journey as a family. I also know Jason is very excited about bringing another child into our lives." —**Simon**

ABOUT JASON

ABOUT SIMON

"Simon is the most caring, honest, loving, and intelligent person I have ever met. He was born in the UK and graduated from Cambridge University as a medical doctor. After working in England for a few years he lived in Sydney, Australia, where he has family, and then ultimately moved to New York in 2004. He loves his family very much and we see them as often as possible. Simon has an inquisitive nature and likes to solve problems and find solutions to things. He has a great sense of humor and a quick wit, which he uses to make me laugh daily. He is incredibly loving and caring and shows this daily through his devotion to Julia, our animals, and our family and friends. He is a great cook, taking the lead at holiday dinners, and he loves his gardens where he grows amazing vegetables and flowers. He also enjoys skiing and is very good at it. Simon is an exceptional father, and I feel blessed to be sharing this journey with him." —**Jason**

Julia is a bright, outgoing, and happy child. She LOVES to dance... and will run around delighted when some of her favorite songs are played. Julia loves all animals. Spending time playing with the dogs and our cat is one of her favorite things. She enjoys watching the chickens in the country and she really enjoys it at school when the petting zoo comes to visit. Julia is excited by any opportunity to get into the water – beach or pool! She just loves to swim and splash! Julia is also very creative in her play and in the drawings she likes to do. For her age, Julia has the most wonderful sense of humor and makes us laugh everyday! She is looking forward to being a big sister and every time we ask her if she wants a little brother or sister she emphatically replies "Yes!".

ABOUT JULIA

Our Suburban home in NJ

Our Country home in the Hudson Valley of NY

Our Homes – Town & Country

We are blessed to be able to enjoy two homes and can't wait to be able to share the best of the country life and the city life with another child.

Our home in the country is an old farmhouse about 2 hours drive from NYC. It sits on acres of grass and woodland with a pond and a babbling stream on a quiet country road. We have a small flock of chickens and large vegetable gardens where we grow a lot of our food. It's a magical place surrounded by beautiful countryside, hills and lakes. This is where we spend our holidays with friends and family. Julia loves it here.

Our suburban home in New Jersey is a large Victorian house with a wraparound porch set on a quiet dead end street. We are just a quick train ride from Manhattan. We have plenty of room for our growing family and a nice fenced yard. Our neighborhood is vibrant and diverse, with plenty of parks, places for children to play, a community pool and great sports facilities. The neighborhood is full of families with children and we have excellent local schools.

Julia & the other kids who live on our street after a neighborhood easter egg hunt

OUR FAMILY & FRIENDS

We are both very lucky to have close and supportive families and we both share the feeling of being loved from as far back as we can remember. Everyone was extremely supportive and welcoming to Julia and she knows she is loved by everyone. We also feel very fortunate that our families are again as thrilled and excited as we are about bringing a new member into our family through adoption.

We also enjoy the close support of a number of friends and neighbors who we consider family as well. We are lucky to have made many new friends with neighbors who also have young children and Julia has many friends including other children who were adopted, and she sees them regularly.

We love to host the holidays with our extended family and do so frequently throughout the year. We are looking forward to sharing these celebrations with a new addition to our family.

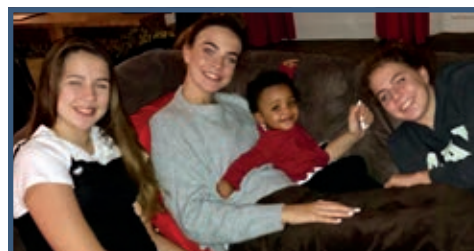

Jason and his Mother Gail in Hyde Park, London

Julia with Daddy & Dada and Godmother's Tera & Jen apple picking in Massachusetts

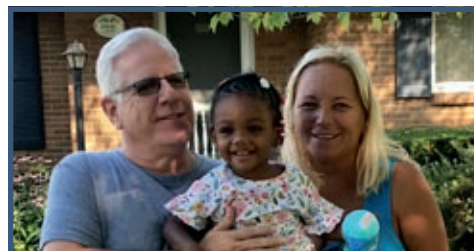

Julia & Daddy amazed at Julia's Godmother Tera and her mixing skills!

Julia with her Cousin's Gracie, Millie, & Hanna at Auntie Amanda's Chalet in France

Julia with Simon's Parents, Peter & Ann, & her Cousin Gracie at his Parent's home in England

Julia with Jason's Dad Jim & Stepmom Bonnie at their home in Western NY

Our Thanks

Thank you for taking the time to learn about us, Julia, and our family. The most important part of your decision is doing the right thing for you and your child — whichever that may be. We truly hope, that whatever that decision ultimately is, that you are confident and at peace with it. If you do decide to consider adoption, and also decide to consider us as prospective parents, we would like you to know that we are ready, willing, and able to give another child all the love, attention, and magic that we can conjure! We wish you the very best.

*Best wishes,
Simon, Jason, & Julia*
